Twam Tools with a Mission

We collect donated tools, refurbish and sort them into trade kits and send them across the world for livelihood creation.

Please ask...
We do have requests for big items such as
- Welding machines
- Generators
- Compressors
- Industrial sewing machines
If you have any of these or similar items please do get in touch and ask us if we can use them.

Our priority is always to keep people safe
We cannot accept any tools that do not have all their safety shields and other safety features intact and unbroken. We will not send any equipment that endangers life, so ‘no thank you’ to any item not properly protected. To find your nearest volunteer collector or Refurbishment Centre please check our website or give us a ring:

We’d love to stay in touch
From time to time we would like to send you our magazine and other mailings and/or our regular e-newsletter by email.
